Acta Psychologica 78 (1991) 339–340
North-Holland

Contents of volume 78

Allwood, C.M. and C.-G. Björhag, Training of Pascal novices' error handling ability 173
Bagnara, S., *see* Van der Veer, G.C. ix
Benyon, D., *see* Jennings, F. 243
Bergström, M., *see* Linde, L. 227
Björhag, C.-G., *see* Allwood, C.M. 137
Booth, P.A., Errors and theory in human–computer interaction 69
Brown, G.M., Knowledge retrieval and frequency maps 97
Darses, F., The constraint satisfaction approach to design: A psychological investigation 307
De Haan, G., G.C. van der Veer and J.C. van Vliet, Formal modelling techniques in human–computer interaction 27
Essens, P.J.M.D., C.A. McCann and M.A. Hartevelt, An experimental study of the interpretation of logical operators in database querying 201
Gilmore, D.J., Models of debugging 151
Girotto, V., P. Legrenzi and A. Rizzo, Event controllability in counterfactual thinking 111
Hartevelt, M.A., *see* Essens, P.J.M.D. 201
Heydemann, M., R. Hoffmann and R. Schmidt, Interference among text-editing commands: Fan-effects and the role of system consistency 259
Hoffmann, R., *see* Heydemann, M. 259
Jennings, F., D. Benyon and D. Murray, Adapting systems to differences between individuals 243
Johnson, H. and P. Johnson, Task knowledge structures: Psychological basis and integration into system design 3
Johnson, P., *see* Johnson, H. 3
Kempen, G.A.M., *see* Van der Veer, G.C. ix
Legrenzi, P., *see* Girotto, V. 111
Linde, L. and M. Bergström, Analysing the deep structure of queries: Transfer effect on learning a query language 227
Maiden, N., *see* Sutcliffe, A. 173
McCann, C.A., *see* Essens, P.J.M.D. 201
Murray, D., *see* Jennings, F. 243
